To whom it may concern:

I'm happy to be able to provide an unqualified letter of recommendation for Ron Short. I have known Ron several years personally and professionally. Ron has filled in for other skippers in my company on a spot basis as a personal favor.

I have always been impressed by Ron's professionalism. He thoroughly understands all the technical aspects of on board equipment, and is meticulous in its maintenance.

He is a self starter, energetic and capable of approaching a task with enthusiasm through to its conclusion.

His navigational ability and boat handling skills are outstanding.

Yours truly,
